

INSTRUCTION MANUAL

Rotating Curling Iron · Model 9910

Thank you for choosing Ele. Bos. Please read this manual carefully before first use and keep it for future reference.

YOUR CURLING IRON

Barrel sizes: 25 mm · 28 mm · 32 mm Total length 39 cm · Barrel length 16.5 cm

GETTING STARTED

- 1 Plug in and press the On/Off button. The iron switches on at 230°C. Select the appropriate temperature before styling.
- 2 Press + or – to adjust the temperature.
- 3 Choose the temperature that suits your hair (see the guide on the right).
- 4 After use, switch off, unplug and let the iron cool on a heat-resistant surface.

TEMPERATURE GUIDE

Fine or soft hair	150–190°C
Thick or coarse hair	210–230°C

Start low and increase only if needed.

THE RITUAL · HOW TO STYLE

I · PROTECT

Apply heat protectant before blow-drying. Always curl completely dry hair.

II · PREPARE

For long-lasting curls, mist with hairspray and brush through before curling.

III · PART

No need for lots of sections. Simply part the back of your head vertically.

IV · CURL

Hold the iron vertically. Starting at the back, open the clip, place a section and wind it, turning the rotating part by hand. Hold a few seconds, then release. Alternate directions for volume.

V · FRAME

Always curl the strands around your face away from the face.

VI · FINISH

Let the curls cool, then shake them out with your fingers.

CARE & STORAGE

- Always switch off, unplug and let the iron cool completely before cleaning or storing.
- Clean the barrel only when cold, with a soft dry cloth. Do not use water or cleaning products.
- Do not wrap the cord tightly around the iron. Store it in its box in a dry place.

SAFETY INSTRUCTIONS

WARNING

Do not use this appliance near bathtubs, showers, basins or other vessels containing water.

- The barrel becomes very hot. Avoid contact with the skin, face, scalp and eyes. Hold the iron only by the handle and the cool tip.
- Never leave the appliance unattended while it is switched on or plugged in. Always unplug it after use.
- Place the hot appliance only on a heat-resistant surface. Do not use it with wet hands or on wet hair.
- This appliance can be used by children aged 8 years and above and by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge, if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- Children shall not play with the appliance. Cleaning and user maintenance shall not be done by children without supervision.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
